HUMAN CADAVER DISSECTION
COURSES

FOR PLASTIC-, AESTHETIC- AND ORAL IMPLANT SURGERY

Soft Tissue Management in Dental Implantology and Oral Surgery
Hands-on Human Cadaver Course
Vienna, 18 - 19 of February 2012

Faculty: Bernd Giesenhagen, DDS,

Norbert Fock, MD, DMD

Organisers: Norbert Fock, M.D., D.M.D., Hannes Traxler, M.D., Ph.D

Cooperation: EACMFS

Partner: B.Braun, Friadent, CK Dentalinstrumente

Topics:

Hands-on

Anatomy and Physiology of Soft Tissue
Indication and Therapy of soft Tissue Management
Techniques for best aesthetical and functional Soft Tissue Outcome

- in Implantation Procedure
 - when inserting Gingival Former
 - any time
- Dental Papilla Rekonstruktion
- thick/thin Gingival Biotype
- Meander Technique
- Rolled Flap Technique
- free and pedicled Subepithelial Connective Tissue Graft
- free and pedicled Mucosal Graft
- coronally advanced Flap
- Techniques for tension free closure following augmentation
 - periosteal double layer technique
 - periosteal slitting
 - lingual mobilisation
- Suture Techniques
- Closure of a Mouth Antrum Communication
 - periosteal slitting Flap
 - Bichat Fat Pad Flap
 - palatal Flap
- Handling of Scar Tissue
- Troubleshooting and Handling of Failures
- Suitable Instruments

Course Aim:

This seminar has been pioneered to meet the specific needs of oral surgeons not only to learn, to plan and perform soft tissue management in dental Implant and oral Surgery, but also **to update the knowledge in the delicate anatomical structures** of the oral cavity.

Course Description:

The participants will perform soft tissue techniques as described above in Topics. 80% of the course is hands-on with 20% lectures about explanations of the techniques and live or video taped dissection/operation (displayed on screen), **all step by step**. A maximum of two participants will be assigned to each cadaver skull. For the cadavers are fresh and not embalmed a nearly „close to reality“ simulation of the surgical procedures can be experienced. **The faculty is around to help you**. There is absolutely no need to be intimidated or concerned with your anatomical and surgical knowledge, because we will guide you through the whole process. After your registration you will get a list of surgical instruments to bring with you. Disposal material will be provided.

Course Language: English

Course Fee: Euro 1.995,- incl. VAT 20%

Location: Center of Anatomy and Cell Biology of the Medical University of Vienna, Währingerstrasse 13, 1090 Vienna

Details and booking only by: www.human-cadaver-courses.com

Social:
